

March 5, 1976

SENATOR SIMPSON: The bill is advanced. Next bill, 999.

CLERK: Read title to LB 999.

SENATOR SIMPSON: Senator Fowler.

SENATOR FOWLER: LB 999 was introduced to allow the reversionary interest in a piece of property in the City of Lincoln, a piece of property ... the state has this interest which is a property interest basically. It would allow the Governor to transfer that to the City of Lincoln. It's to facilitate the closing of the street in the community, introduce a bill. This has to be done. It was introduced as a Committee bill. We had hoped that it could be done with a resolution, but it does take a legislative bill.

The final decision on transfer of property would rest with the Governor. This simply is an enabling act to give him the power to do that.

None of the agencies concerned are worried about losses of land. It would facilitate some street construction in the City of Lincoln.

I'd ask the Legislature to advance the bill.

SENATOR SIMPSON: Any further discussion? If not the motion is to advance the bill. All in favor vote aye, those opposed vote nay. Voting aye.

CLERK: Senator Simpson voting aye.

SENATOR SIMPSON: Clerk will record.

CLERK: 28 ayes, 0 nays on the motion to advance, Mr. President.

SENATOR SIMPSON: Bill is advanced. Next bill, 847. Senator Goodrich. Clerk, read the title.

CLERK: Read title to LB 847.

SENATOR GOODRICH: Mr. President, members of the body. All this bill does is transfer the Civil Air Patrol from the Department of Military Service to the Department of Aeronautics. That's all in the world the bill does. It also ... if I can find the cottin' pickin' thing, 847. It provides that the Department of Aeronautics can control ... can contract with the Civil Air Patrol for whatever services they want them to provide.

SENATOR SIMPSON: Are you explaining the Committee amendments?

SENATOR GOODRICH: No, that's the bill. Oh, the Committee amendments did nothing but redo exactly what.... The Committee amendments literally rewrote the bill along the lines of what Emory Burnett indicated was necessary to accomplish this end. The Committee amendments, actually, are the bill.

SENATOR SIMPSON: Senator Schmit. Any further discussion? Motion is to adopt the Committee amendments. All in favor vote aye, those opposed vote nay. Have you all voted? Clerk will record.
